

Ledwise Legend Cold

The LEDWISE LEGEND – COLD multi-purpose flashlight with cold white light provides a luminosity of 1700 lumens (theoretical luminosity of 2300lm). This extremely compact flashlight is designed for everyday use and is a perfect tool for professionals. The flashlight features a simple and convenient 4-step operation, and the right luminosity for each lighting need is easy to set. The 3400mAh battery ensures that the power won't run out quickly. The light source is Cree XHP 50 LED with a colour temperature of 6000 K. The flashlight does not have strobe or SOS modes. The flashlight is charged by means of efficient magnetic USB charging; there are no parts that would wear or that need to be detached when charging. The product has a two-year warranty, which can be extended to five years by registering it. The battery has a one-year warranty.

Technical data

Product number
1700-AT781

Lumens
2300lm

OTF lumens
1700lm

Range
130m

Intensity
4200cd

LED
CREE XHP50

Dimensions
110 x 25mm, light head 29mm

IP class
IP69

Weight
65g without battery

Power source/battery
18650 lithium

Frame material
Aircraft aluminium

Charging
Magnet

Operating times

TURBO / 1700lm / 1h
MID / 600lm / 2h 15min
LOW / 100lm / 16h
FIREFLY / 0,15lm / 40d

Package contents

Flashlight, 3400mAh battery (18650, Li-Ion), magnetic USB charging cable, metal belt clip, headband, 2 extra O rings, user instructions FI/EN.
