

# Ledwise SP ECO KIT

The LEDWISE SP ECOKIT flashlight series with the 6W XPG3 LED offers luminosity of 600 lumens in both flashlight models. The handy magnetic USB charging head makes battery charging a breeze. The larger flashlight uses a 2200mAh 18650 Li-ion battery, and the smaller flashlight uses a 700mAh 16340 battery. These flashlights are affordable but still ideal for use in a variety of activities, or as gifts. The flashlights have an 18-month warranty. The batteries have a one-year warranty.

## Technical data

### Large

**OTF lumens**

600lm

**Range**

100m

**LED**

CREE XPG3

**Dimensions**

107 x 26mm, light head 27mm

**IP class**

IPX4

**Weight**

50g without batteries

**Power source/battery**

18650 lithium

**Frame material**

Aluminium

**Charging**

Magnet

### Small

**OTF lumens**

600lm

**Range**

90m

**LED**

CREE XPG3

**Dimensions**

73 x 26mm, light head 27mm
