

Ledwise Villain

The LEDWISE VILLAIN searchlight is among the most advanced in its size class. The measured luminosity of the CREE XHP35 LED is 1500lm (theoretical luminosity 1850lm), and thanks to the special reflector light is reflected to a range of up to 800 metres. This makes searching and illuminating faraway targets possible in both demanding maritime conditions and during hunting, for example. The flashlight has an IP68 casing and withstands full immersion in water up to a depth of 50 metres for more than four hours. This flashlight won't let you down even if the temperature drops to -25 °C. The robust flashlight withstands a drop from a height of up to 30 metres. LEDWISE VILLAIN is powered by two 18650 Li-Ion batteries (3400mAh 1700-AT795), which are charged by means of a 1700-AT794 charger. The flashlight is supplied without the batteries and charger. The product has a two-year warranty, which can be extended to five years by registering it.

Technical data

Product number
1700-AT783

Lumens
1850lm

OTF lumens
1500lm

Range
800m

Intensity
160000cd

LED
CREE XHP35

Dimensions
245 x 26mm, light head 64mm

IP class
IP68

Weight
259g without a battery

Power source/battery
2x 18650 lithium

Frame material
Aircraft aluminium

Charging
Detachable batteries

Operating times

TURBO 2 / 1500lm / 1h
 TURBO 1 / 800lm / 2h 48min
 MAIN 3 / 350lm / 8h
 MAIN 2 / 150lm / 22h
 MAIN 1 / 30lm / 100h
 FIREFLY 2 / 1,7lm / 85d
 FIREFLY 1 / 0,15lm / 500d
 STROBO 2 / 1500lm / -
 STROBO 1 / 150lm / -

Package contents

Flashlight, wrist strap, belt case, metal holder, 2 extra O-rings, user instructions FI/EN.
